Take a Walk through Geologic Time

A celebration of Earth Science Week to be held at DMME's Charlottesville office

Charlottesville – An exploration of major events in Earth's history will unfold in Charlottesville during Earth Science Week. Beginning Tuesday, October 13th through Thursday, October 15th, visitors can take a self-guided geologic timescale walk. Learn how the Earth and moon were formed, see interesting facts on the evolution of plants and animals, find out how humans are impacting the earth and much more. Rock and mineral exhibits highlighting the geology of Virginia will also be open to the public. Earth Science Week was created to promote the understanding of Earth Science and encourage stewardship of the Earth. People of all ages are welcome.

What: Geologic Timescale Walk

When: Tuesday, October 13 through Thursday October 15

Where: Department of Forestry Building, Library

900 Natural Resources Drive, Charlottesville

Charlottesville Point of Contact:

Wendy Kelly, Geologist

434-951-6326
